Microsoft Dynamics 365 Business Central 1 Hour Briefing

Our Free **remote** 1 Hour briefing is a **live custom demo** designed to show case how Microsoft Dynamics 365 Business Central can **meet your business needs**.

Following a brief call to **understand your requirements**, we'll deliver a custom demo with some of **your data**, whetting your appetite to explore further how Microsoft Dynamics 365 Business Central can achieve your business needs today and in the future

From here, why not take advantage of our **free 2 hour assessment** to discover in detail how well Microsoft Dynamics 365 Business Central fits your business

Our demos **connect** with **your business needs** and **values**

1 Hour Briefing - Deliverables

What you'll see

- An environment tuned to your business needs
 - Your data
 - Your theme
 - Your language
- A Story that aligns with your requirements
 - We don't just deliver a feature demo
 - We want to connect with your business needs and values
- A punchy demo – your time is precious
 - We believe business people want to see A and B - they don't need to see how you got from A to B.
